

TeknoKnit

Macchina rettilinea elettronica per maglieria

COMPUTERIZED FLAT KNITTING MACHINE

Catalogo Pezzi di Ricambio/Spare Parts List

NSF-248B

NAN SING MACHINERY LIMITED

Grazie per avere acquistato i nostri prodotti!

Thank you very much for purchasing our products!

Questa Macchina elettronica per maglieria è di ottima qualità, ottima produttività e multifunzione, permette di produrre senza problemi differenti tipi di maglie.

Il manuale tratta solamente della nostra macchina. Le foto o i disegni potrebbero essere differenti dall'attuale macchina a causa dei nostri continui aggiornamenti e migliorie.

This computerized flat knitting machine has good quality, good productivity and multifunction, which can fit the various fashions and different fabric requirements.

The manual applies to our machines only. The pictures of it may be different from the actual machine because of our continual technical improvements.

Vi preghiamo di leggere questo manuale con attenzione.
Vi preghiamo di tenere in considerazione quanto scritto in questo manuale

Please read this manual carefully.

Please take care of this manual.

INFORMAZIONE/NOTICE

Il contenuto di questo manuale è soggetto a modifiche senza preavviso.

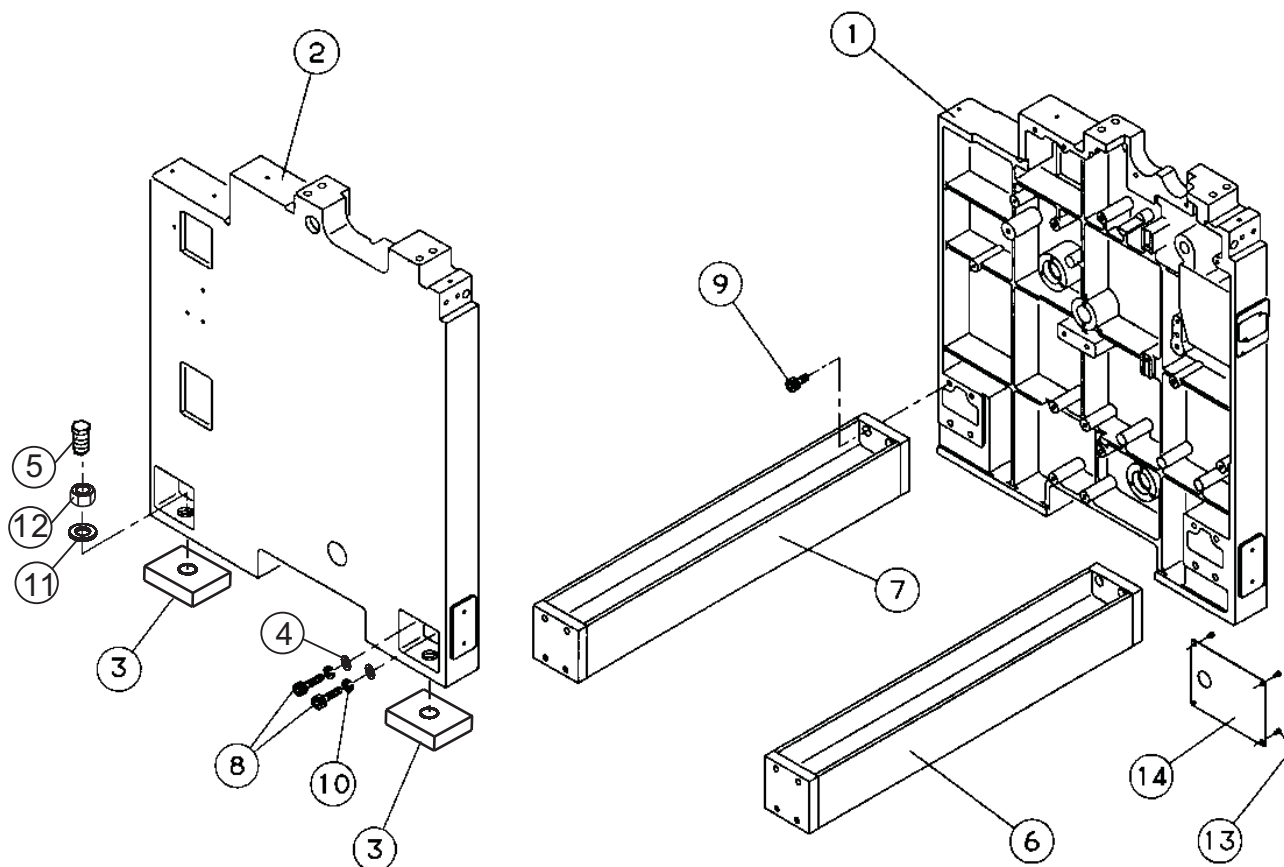

The contents of this manual are subject to change without any notice.

INFORMAZIONE/NOTICE

1. Osservate le procedure descritte in questo manuale per prevenire infortuni o danni alla macchina.
 2. Trasporto, installazione, riparazioni, manutenzione, devono essere fatte da personale specializzato.
 3. Non ci assumiamo nessuna responsabilità per danni causati da qualsiasi modifica non autorizzata eseguita sulla macchina.
 4. Assicuratevi che il carro sia fermo quando le coperture di sicurezza sono aperte
 5. E' ASSOLUTAMENTE proibito modificare i collegamenti dei circuiti di sicurezza per la prevenzione degli infortuni.
 6. Non ci assumiamo nessuna responsabilità dei danni causati da qualsiasi modifica o installazione di componenti non autorizzato.
 7. Non rimuovere i fusibili o utilizzare diversi modelli di fusibile.
 8. Lubrificare periodicamente la macchina con olio e grasso autorizzati.
 9. Rimuovere lo sporco dal macchinario (polvere..residui di lana..) giornalmente.
 10. Quando la macchina ha forti vibrazioni o emette un forte rumore, contattateci immediatamente.
-
1. Be sure to observe the procedures given in the manual for preventing human injury or equipment damage.
 2. Conveying; installation; operation; maintenance of the machine must be done by professional personnel.
 3. We will not take responsibility for the result caused by any unauthorized modification.
 4. Make sure the machine is not in operation when the safety cover is open.
 5. Prohibit changing safety circuit for preventing human injury.
 6. We will not take responsibility for the result caused by any unauthorized part or device.
 7. Do not remove the fuse or use other type of fuse.
 8. Lubricate the machine periodically with authorized oil and grease.
 9. Remove the dust and lint periodically.
 10. When the machine vibrates strongly or makes a loud noise, contact us quickly please.
